Dear Faculty Member:

This form is being presented to you by a student who wishes to be considered for Honors candidacy in the American Studies or Ethnic Studies concentration.

All potential candidates must obtain the endorsement of a faculty member who has had the student in a course requiring a major research paper. We would appreciate your assistance in helping us to identify concentrators who are capable of doing the prolonged research and writing required for the successful completion of an Honors thesis. A recommendation should be made on the basis of your having worked with the student and your final evaluation of their research paper.

If you are willing to endorse the student whose name is listed below, please sign this form and the student will return it to the department's current Honors Director as part of their honors thesis proposal.

Thank you for your cooperation.

I believe that _____ should be considered as a candidate for Honors.
